### Facing the Shadow: Starting Sexual and Relationship Recovery

Recovery is living a life free from shame. It is recognising that you are not your secret; you are not your family secrets. You are a person with a myriad of experiences, some of them very painful. But, the pain of exposing the secret very, very rarely compares to the pain of keeping the secret.

Shadow recovery[edit] A conservative application of the shadow/highlight tool can be very useful in recovering shadows, though it tends to leave a telltale halo around the boundary between highlight and shadow if used incorrectly. A way to avoid this is to use the bracketing technique, although this usually requires a tripod.
